

RENWEB APPLICATION

The homepage shows you a menu for [School](#), [Student](#), [Family](#), and [Settings](#). We will look at each of these four menu options below.

SCHOOL

This includes everything that comes from the school – not the individual teachers. You can see the school calendar dates, school announcements, and school resources.

School Calendar - This will show the beginning and end of each quarter, no school days, and minimum days.

School Announcements

School Resources - This is where you will find the weekly newsletter.

STUDENT

Here is the menu for the student page. This includes specific information for your classes and information from your teachers. We will look at each of these menu options below.

Grade Book – Select which class you would like to view to see current grades / progress report.

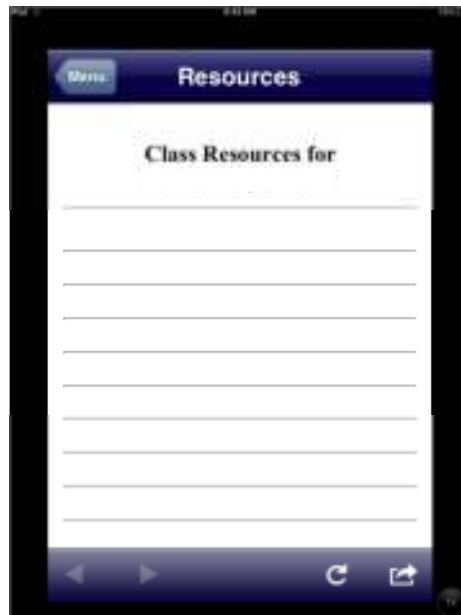

Homework – View homework by selecting each day. The number designates how many assignments are currently listed for that day.

Report Card – Select each class or select “School Report Card” for the entire report.

Resources – Websites for classes or other uploaded documents from your teachers.

Attendance

Calendar – These are events posted by your teachers.

Announcements – These are the announcements posted by your teachers.

FAMILY

Here you can see the contact information we have on file for your family. Be sure to let us know of any updates!

SETTINGS

Come here to change your password!

ENJOY!!!!
