

# After-School Enrichment Program

At NOTRE DAME ACADEMY  
Spring 2018-19 – Session 1

*This program is designed to:*

- ★ enhance and enrich students' lives
- ★ expand and extend educational opportunities
- ★ constructively channel students' energies, and provide meaningful activities for their free time.

**Questions:** call Virginia Valente at 858-485-0481.

## Class Descriptions

**AMAZING SCIENCE – AWESOME AEROSPACE Grades K-4** Join Sidney Owens, our little Aerospace Engineer, together with Mollie and Michael Molecule, as he flies off on a journey to discover the world of aerospace! He will encounter airplanes, helicopters, space shuttles, lunar landers, military jets, UFOs, and rockets! Not only that, but students, too, will become Aerospace Engineers when they make and take home mini models of these very same vehicles! Children will learn flight concepts such as the history of flight, the different parts of these various vehicles, air/wind power, gravity, forces of motion, Bernoulli's Principle, and the four forces of flight. So come fly away with us as we embark on this exciting journey into the world of aerospace!

**DRAMA KIDS INTERNATIONAL® Grades K-5** In this class students will develop life skills, problem solving and confidence through interactive workshops that teach articulation, collaboration, and overall presentation skills. Students will learn to express themselves confidently and with conviction for everyday life situations. Activities include: Improvisations, mini-scripts, speaking skills, character analysis, theater games, creative movement. Due to the fresh and innovation style of this class, all students will benefit, whether they are shy, reserved, analytical, or outgoing. The goal is to help equip students to present
