

# After-School Enrichment Program

At NOTRE DAME ACADEMY

Fall 2019-20 – Session 1

*This program is designed to:*

- ★ enhance and enrich students' lives
- ★ expand and extend educational opportunities
- ★ constructively channel students' energies, and provide meaningful activities for their free time.

**Questions:** call Virginia Valente at 858-485-0481.

**Class Descriptions**

**AMAZING SCIENCE – DINOSAURS! Grades K-4** Join Paleontologists Clarence Hill & Jennie Peters on a Jurassic Park style journey back in time to the land of the dinosaurs. Students will become junior paleontologists as they learn about the anatomy, habitat, characteristics, and behaviors of all of their favorite dinosaurs, including the brontosaurus, stegosaurus, triceratops, T-Rex, and the velociraptor. Children will take home the projects they create in class – digging for dinosaur fossils, making a dinosaur tooth fossil cast & dino footprint, creating a dinosaur habitat, putting dinosaur bones together, making a flying pterodactyl, making a dinosaur magnet game, and building a motorized mini-dino gadget. Children will also get a real dinosaur tooth specimen to take home as a memento of their Jurassic journey! Don't miss this exciting journey back to the time when dinosaurs walked the earth!

**DRAMA KIDS INTERNATIONAL® Grades K-5** Drama Kids® is for all students, whether they are shy, outgoing, analytical, reserved, etc... no auditions. Let us empower your students to develop confidence, presentation and creative thinking skills that will help them personally and academically. Minimal props and sets are used to keep the focus on the students' skills. Classes are fun and beneficial! Activities include improvisations, mini-scripts, theater games, and team building, which will all culminate in a showcase to be performed for friends and family.

**Register at [www.kidztyme.org](http://www.kidztyme.org)**
